

## HEALTH SCREENING SOLUTIONS

As the American economy returns to a working status and restrictions are slowly lifted, citizens will once again need to visit their local US Government offices to request benefits, seek redress of grievances and pursue other official business inside Federal facilities. There are challenges to safely re-opening these sites and **Paragon is delivering COVID-19 crisis-specific expertise** that is immediately available.

**WHO WE ARE:** Paragon systems is a large business providing support to dozens of Agencies within the Federal Government.

**WHAT WE DO:** Paragon provides vetted personnel capable of executing mission support functions to allow our clients to achieve their individual missions.

**HOW WE DO IT:** In response, Paragon has developed and deployed an extensive knowledge base of best practices for COVID-19 access control screening. These practices are based on Paragon's COVID-19 specific experiences, across dozens of diverse Federal facilities. Paragon can train and deploy personnel to implement your unique Health Screening and Access protocols.
